There are few experiences in Europe that can compare to a late-summer drive through the enchanting Glens, across the vast moors and alongside the beautiful lochs of the Scottish Highlands.

Starting from historic St Andrews we meander westwards to stay on the coast in a scenic loch-side hotel. The next day we pass awe-inspiring Glens and mountains before crossing over the sea to sleep on the Isle of Skye, the largest of the Inner Hebrides and home to some of Scotland's most iconic landscapes.

Returning to the mainland the next day, we cross the country to spend the next two nights close to the cathedral city of Inverness, where we may be lucky enough to catch sight of the Northern Lights (or the Mirrie Dancers as they're known locally) in a clear night sky. This brace of nights in the same bed will be separated by a foray into

the far North and some of the remotest regions of the British Isles.

On the final day the route crosses the Cairngorms, the UK's largest National Park, and the Tay Bridge before returning to where we started in St Andrews, the home of golf. We will celebrate our achievements that evening with a Gala Dinner and prize-giving back at our luxury hotel, where a few drams may also be on the menu.

We can think of no better way to embrace the return of our freedom to travel and enjoy our old cars.

We hope you can join us!

Rally the Globe

VINTAGE AND CLASSIC CAR CLUB

Rally the Globe is a not-for-profit club that exists to support a broad family of motorsport enthusiasts who want to explore the world in vintage and classic vehicles. All our club's rallies come with the highly experienced support crew and safety cover including:

- Expert teams of sweep mechanics following the rally route to assist anyone they encounter, and to help you effect repairs at the end of the day
- On-call doctor or paramedic on every event
- Recommendations of experts in crew training and car preparation, shipping and insurance who can help ensure that you and your car arrive at the start line fully rally fit
- Advice, encouragement and assistance from our friendly and knowledgeable team both before the start and during the event.

Eligible Cars: Cars of a specification produced before 31 December 1976. Separate classification for cars of a specification produced before 31 December 1945. Please check with us if you are not sure if your car is eligible.

Competition: There will be 3 or 4 Regularity Sections per day on twisty but quiet minor roads, and around 10 Special Tests throughout the event on private land including large car parks, farm tracks, airfields, etc.

Roads used: Some of the most scenic Scottish minor roads are bumpy so low-slung cars may need to be driven with care, but

we will avoid rough, potholed and unsurfaced roads as much as possible.

Hospitality: We will use top quality hotels wherever these are available and provide a tasty lunch and group dinner every day. We will provide a van to transport your luggage between hotels (weight restrictions will apply).

Navigation: All non-competitive sections and around half of the Regularity Sections will be defined by a detailed tulip Road Book. The remaining Regularity Sections will involve simple map reading using map extracts that will be provided in the Road Book.
